Enquiry - 2019

Address:

CHERRY ON TOP
57 Frederick Cooper Drive
Kenmare, Krugersdorp
011 955 4863 – Loukie Nel
082 820 6095

Your enquiry:

Thank you for your enquiry.

Please give me a call:

I suggest that you phone me in order to discuss your function and a suitable date. The most convenient time to phone me is between 15:00 and 16:00 Tuesdays to Fridays. We are closed on Mondays, Sundays and Public Holidays.

Website:

I assume that you have visited our website at www.cherry-on-top.co.za for details of functions, menus and group specials which can be found on the website attachment – group specials.

Functions for 10 or more people:

We have special set menus for functions for 10 or more guests for:

1. breakfast,
2. lunch, or
3. high tea.

Reservation of a date for a function

Please bear in mind that we receive daily requests to book functions. Bookings will be on a first-come first-serve basis. Please understand that we must also make advance arrangements for functions and bookings will only be confirmed upon payment of a non-refundable deposit of R500.00 into our bank account, which deposit shall be deducted from the final bill for the function. We will require the final number of your guests 2 days before the function so that we can prepare alternatively we will go on the last number of guests you communicated to us. Food will be prepared for this number of guests and you will be liable for the costs thereof even if all the guests do not attend the function as the costs have been incurred by us.

Venue, décor , set up and flowers

A venue, décor and set up fee, including flowers (which remains that of the venue and cannot be taken) of between R1 100 and R2 000 (depending on the venue, your requirements and the number of guests) is payable. Should guests take the flowers then the extra fee will be charged to the final bill of the host. The usual 10% service charge is also payable.

Electricity and water

We are dependent on Eskom and should it happen that your function is disrupted due to electricity cuts, we will unfortunately not be able to make any price adjustments as a result thereof. We do have an emergency water tank, which is empowered by an electrical pump. We will obviously do our best to make your function the success notwithstanding adverse conditions.
